

CITY 600

CITY 600

City 600, ideal for those locations where space dictates the need for smaller automatic vending machines without forgoing quality and technology.

A coffee as guarantee

The Ducale coffee Brewer with stainless steel brewing chamber and grinder-doser with automatic grinding adjustment allows the dispensing of always impeccable drinks, unforgettable for their quality and taste. The aroma and quality of the coffee beans remain unaltered per a long time thanks to the Ducale vacuum system. In City 600 the dispenser can also be provided with a single or double coffee canister thus widening the choice to the final user.

2-Cups

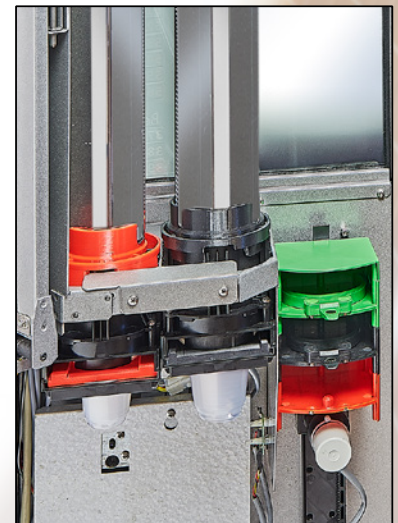

This technology allows the presence of 2 different cup formats in the dispenser, to taste every drink in the right cup to enhance the taste.

Vision Door

A real window on the dispenser, allowing the final consumer to feel fully involved as never before throughout the whole process of preparing the drink.

Vacuum system
